

ABZAC Cardboard Corners

The ideal product for the protection and reinforcement of packaging

Characteristics

Corners make for easier, safer product handling and transport by offering:

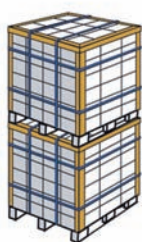

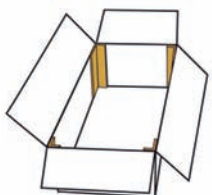

- > reinforcement for stacking, stabilizing and securing the loads on the pallets
- > effective protection of corners and edges, plus enhanced rigidity by holding the corners.

Advantages

- > Exterior finish quality
- > Robust
- > Easy to use
- > Customisation by printing
- > Standard and made-to-measure dimensions
- > High-quality packaging

Applications

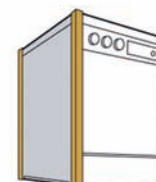

Our cardboard corners are used in a number of different fields: wood, industry, food, pharmacy, furnishings, aviation, etc.

Main standard corner dimensions*

Wing 1 x Wing 2 mm	Overall width mm	Thickness mm	Length mm
25 x 25	50	1,5 to 5 +	100 to 4000 +
30 x 30	60		
35 x 35	70		
38 x 38	76		
40 x 40	80		
45 x 45	90		
50 x 50	100		
60 x 60	120		
75 x 75	152		
100 x 100	200		

* Usual thickness 1.5 to 5mm, other dimensions made to measure, contact us for details. Possibility of equal or different wings for the same overall width in mm (e.g. for an overall width of 70mm, corners of 35x35, 30x40 and 20x50 etc. are all possible)

 These products are entirely recyclable.
